IPCSS-RWB-MB  
17.9" W x 6.1" H x 2.5" D

**Small LED IP Display Stainless**  
IPCSS-RWB  
17.9" W x 6.1" H x 2.5" D

**Large LED IP Display**  
IPCSSL-RWB  
28.1" W x 9.2" H x 3.9" D

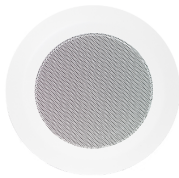

**Large LED IP Signboard**  
IPSIGNL-RWB  
51.8" W x 7.6" H x 3.8" D

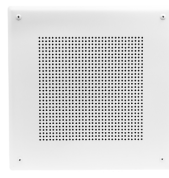

**Double-Sided LED IP Display**  
IPCDS-RWB-U  
22.9" W x 6" H x 7" D (wall mount)

## IP Speakers

Broadcast audible announcements and talk back to sender with built-in microphone in rooms, hallways, and auditoriums.

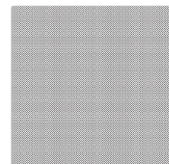

**Round Ceiling IP Speaker**  
IPSCM-RMe  
10.5" diameter x 3.7" depth

**Wall IP Speaker**  
IPSW-SM / IPSWS-FM  
11.6" W x 11.6" H x 4.2" D

**Outdoor IP Compressed Horn**  
IPSW-SM-O  
11.9" W x 11.9" H x 4.2" D (wall mount)

**Square Ceiling Tile IP Speaker**  
IPSCM  
24" W x 24" H x 3.2" D

## IP Strobes

Select from high-visibility alert-flashing devices

**Outdoor IP Strobe**  
IPSTROBE-O  
7.6" W x 8" H x 5.8" D

**Indoor IP Strobe**  
IPSTROBE-I  
4.7" W x 5.6" H x 1.9" D

## Smart Buttons

These Alyssa's Law-compliant\* devices can instantly and silently notify first responders with a pre-recorded message and initiate safety procedures such as lockdowns with the press of a button.

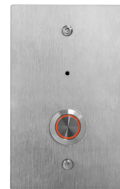

**Smart IP  
Panic Button (Visible)**  
IPBTN-VIS  
5.4" W x 8.2" H x 4" D

**Smart IP  
Panic Button (Discreet)**  
IPBTN-DIS  
4.4" W x 2.5" H x 1.1" D

## Call Buttons

Initiate a call to enable two-way audio communication with the simple press of a button.

**Call Button Kit  
with Mic**  
BTN-KIT-MIC-ND  
2.8" W x 4.5" H

**Call Button Kit**  
AND-BTN-KIT-1  
2.8" W x 4.5" H

## IP Hubs

Connect analog devices to a network to enable functions such as audible notifications and door access control with these IP endpoint units.

**Zone Line-Out Controller**  
ZONE-LO  
8" W x 1.3" H x 6" D

**Zone Controller**  
ZONEC2  
8" W x 1.2" H x 6.2" D

**IP Speaker Module**  
IPSMOD  
3.3" W x 1.1" H x 2.6" D

\*Alyssa's Law compliance requirements may vary by state

## Vigilar™ Threat Detection

Designed and tested by ANetD's Machine Learning (ML) and AI experts who develop life-protecting technology for military and medical applications and utilized extensive audio, sensor, ML/AI, and weapons experience in training and live-fire testing the system.

### ✔ ALL-IN-ONE SOLUTION

Leverage displays and speakers in your building to detect gunshot and other threats via built-in sensors and capabilities

### ✔ RELIABLE RESULTS

Designed and tested by ANetD's machine learning (ML) and AI experts who develop life-protecting technology for military and medical applications and utilized extensive audio, sensor, ML/AI, and weapons experience in training and live-fire testing the system

### ✔ CRISIS PREPAREDNESS

Software integration eliminates guesswork and enables rapid, decisive action of first responders upon their arrival at the scene

# Key Benefits of Our Products

✔ **DEPENDABLE PERFORMANCE**

Seamless operation in critical moments

✔ **INDUSTRY COMPLIANCE**

Meets legal and regulatory mandates, including Alyssa's Law

✔ **SEAMLESS INTEGRATION**

Full compatibility with existing VoIP and SIP systems for easy installation

✔ **INNOVATIVE DESIGN**

Cutting-edge technology that ensures quick, reliable, and clear communication

## Industries and Applications

Our IP solutions are tailored to meet the unique needs of our customers.

### Education

K-12 schools trust, rely, and depend our IP devices to keep students safe, on schedule, and engaged with audible and visual notifications.

### Healthcare

Our devices help providers deliver timely, critical care with code alerts, wayfinding, pre-recorded messages, and live announcements.

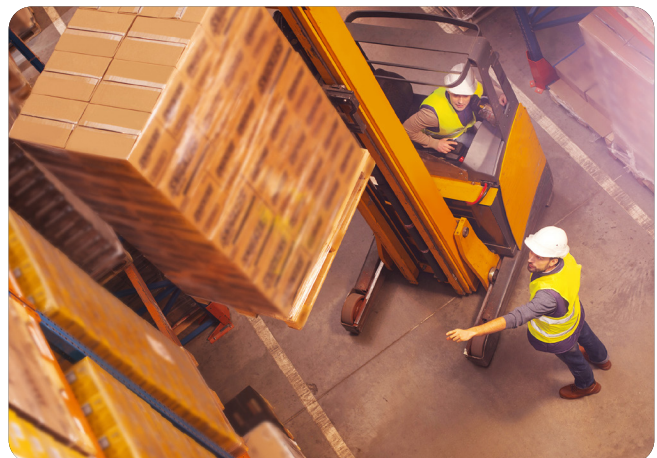

### Commercial

Offices deploy our IP devices to provide time/date, news, weather, stocks, instructions, and alerts.

### Manufacturing

These facilities rely on our devices for time/date, timers, production data, stopwatch, weather, news, notifications, and alerts.

## Who We Are

Advanced Network Devices (ANetD) delivers audio/visual mass notification solutions that help schools, healthcare institutions, and commercial facilities stay aware, respond quickly, and communicate critically when it matters most.

Known for exceptional and extensive in-house engineering expertise and groundbreaking product introductions that have built the mass notification market, ANetD offers reliable, intelligent, and easy-to-use Power over Ethernet (PoE) IP devices – designed, assembled, and supported in the USA.

Our integrated solutions support threat detections, emergency response, paging, intercom, critical notifications, and everyday announcements in one seamless system.

### Industry-Leading 6-Year Warranty

Our IP-based audiovisual hardware is backed by one of the longest warranties in the mass notification industry, demonstrating ANetD's commitment to long-term reliability, quality engineering, and customer confidence.

### Reliable Support and Customer Service

We stand behind our products with comprehensive technical support, including dedicated customer service for post-installation queries.
